Objective:

Enthusiastic and detail-oriented Full-Stack Developer with hands-on experience in **Next.js, React.js, Node.js, Express.js, MongoDB, PostgreSQL, and RESTful APIs**. Skilled in building **scalable, responsive, and user-centric web applications** with seamless frontend-backend integration. Eager to contribute **technical expertise, creativity, and problem-solving skills** to a collaborative development team while continuously advancing in **modern web technologies and system design**.

Skills:

- **Frontend Development:** Next.js,React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Vite, Axios, TypeScript
- **State Management:** Redux, Context API, Zustand
- **Backend & APIs:** Express.js , Node.js , RESTful API Integration, JWT Authentication, , NextAuth , BetterAuth
- **Databases:** MongoDB , PostgreSQL
- **Tools & Workflow:** Git, GitHub, Postman, VS Code, Figma,Cloudinary, Motion

Projects:

Real-Time Chat Application - LINK

- Developed a real-time chat application using React 19, Node.js, **Express**, **MongoDB**, and **Socket.IO** with **JWT authentication** and online user presence tracking.
- Built a modern, responsive frontend with React, Tailwind CSS, **DaisyUI**, **Zustand** state management, and **React Router**, enabling seamless navigation, image sharing, and toast notifications.
- Engineered a scalable backend infrastructure with RESTful APIs, MongoDB integration, **bcrypt password hashing**, **Cloudinary image storage**, and production-ready deployment.

Portfolio Website - LINK

- Designed and developed a responsive portfolio website leveraging Next.js 15, React 19, and Tailwind CSS, featuring **dark/light mode** and **advanced Motion-based animations**
- **Engineered a modular, SEO-optimized architecture** with reusable components (Header, About, Services, Projects, Contact) to ensure scalability, performance, and professional presentation.
- **Showcased 4+ full-stack projects** (E-commerce, Funding Platform, Spotify Clone, Real-time Chat) through an interactive, **cross-device** user experience with modern UI/UX principles.

Noteforge – LINK

- Developed a **multi-tenant**, collaborative note-taking **SaaS** using **Next.js 14**, **TypeScript**, and **Tailwind CSS**, offering a **rich-text** and **markdown-based editor** with **syntax highlighting** and **notebook** organization.
- Implemented **secure authentication** with **better-auth**, **Google OAuth**, and **Resend API** for email verification, password reset, and session management in a multi-user environment.
- Built a **scalable, high-performance architecture** leveraging **Next.js App Router**, **React Server Components**, **Drizzle ORM**, and **PostgreSQL**, ensuring fast load times and seamless deployment on **Vercel**.

Education:

Bachelor of Science in Computer Science

SIES College of Arts, Science & Commerce, Nerul

Graduated: 2025 | CGPA: 7.93
